

March 14: Muslim, the Sons of Ishmael (Part One)

Their crescent moon and star symbol actually predates the official nation of Islam by several thousand years. The celestial symbols were used by the pre-Mohammed Muslims, or better known as the sons of Ishmael (Hittites), dating back to the time of Abraham. The symbol became popularized by the people of Central Asia and Siberia in their Babylonian worship of the sun, moon, and sky gods. There are historical notes that the crescent moon and star were used to represent the Greek goddess Diana, who is rooted in the original culture of Babylon by way of Egypt.

The city of Byzantium (later known as Constantinople and Istanbul) adopted the crescent moon as its symbol. According to some reports, they chose it in honor of the goddess Diana (originating from Egypt), the Greek god of Ephesus, that tried to destroy one of the SEVEN CHURCHES mentioned in Revelation. When the Turks conquered Constantinople (Istanbul) in 1453, they adopted the city's existing flag and symbol. From the Byzantium period forward, it became the official symbol of Islam.

Since Europe and the United States have the largest population control techniques (abortion, euthanasia, and medical based suicides), the Muslim Caliph derived a plan early on to take over the world through Islamic Procreation Doctrines: no abortions, divorces, or euthanasia. Needless to say, their plan is working well. In 1900, the Muslims owned 12.4% of the world's populous; in 2000, they were up to 19.2%; and in 2011, they are already breaking the 25% mark. Statistics prove it only takes 30% of a populous to conduct a hostile takeover. It is projected that the Islamic community will hit those numbers within the next few years.

For whatever stupid reason, over the past 50 years, the Gentiles and Jews have been aborting life at a mind-bending rate; while the most hostile people in the world are armed, unified, and ready to launch their Great Jihad. Here are the primary ways to reduce population:

1. Abortion
2. Sexually Transmitted Diseases (AIDS)
3. Fertility Rate Control
4. Birth Control

5. Euthanasia (medically killing of the elderly, weak, and handicapped)
Here is what the Muslim people refuse to do:

1. Abort Children
2. Have Same Sex (AIDS)
3. Control Fertility – Family Size
4. Use Birth Control
5. Euthanasia (it is against Allah)

Why do the Muslims want to practice Jihad on America? First, America is considered the lead supporter of the European Commonwealth and the Jewish State of Israel. Thus, we are a prime enemy of the terrorists, second only to Israel. Secondly, Americans believe in freedom of religion; Muslims do not! But, they will take a “free ride” on religious freedom in order to transplant their Islamic Procreation Doctrine. You see, we don’t push them out the front or back door – we actually invite them in. Until their numeric mission is accomplished here in America, the political Khilafa (Mahdi - maadee) needs us.

Is America blind? Well, that would be an understatement! One Muslim professor from Harvard recently said this, “Islam must prepare all nations for the Mahdi [maadee/Christ] He will return to reinstate the office of the Caliphate. Islam directs its followers: ‘If you see him, go and give him your allegiance, even if you have to crawl over ice, because he is the Vice-regent (Khilafa) of Allah, the Mahdi.’ For he will pave the way for and establish the government of the family (or community) of Mohammed ...every believer (in all the nations) will be obligated to support him.” Radical? Not really. Their Qur’an requires it of them:

"Fight against such as those to whom the Scriptures were given [Jews and Christians] ... until they pay tribute out of hand and are utterly subdued." (9:27)

"Make war on them until idolatry shall cease and God’s religion shall reign supreme." (8:39)

"Prophet, rouse the faithful to arms. If there are twenty steadfast men among you, they shall vanquish two hundred; and if there are a hundred, they shall rout a thousand unbelievers, for they are devoid of understanding." (8:65)

"Slay the idolaters wherever you find them. ... lie in ambush everywhere for them. If they repent and take to prayer and render the alms levy, allow them to go their way ..." (9:5)

These are not “love thy neighbor” kinds of scriptures. What will be required of us? Isn’t there something we can do as Americans to avoid this coming storm of violence? Sure, perhaps on the 4th of July we all could gather in football stadiums for an international peace rally. After singing the National Anthem, we must acknowledge the peace

declaration the Muslims have been seeking for hundreds of years. We might ask, "What declaration?" All that Americans need to do is utter the Muslim creed for peace. Sounds simple enough, right? One might ask, "Why not?" Okay, here it is, just say, "There is no God but Allah, and Mohammed is His messenger" (Sha-ha-da-tan). Then we will be asked to place an emblem or badge on our forehead or hand, as Muslims do at every demonstration or gathering we see around the world. Outrageous? No, this is exactly the type of social media techniques the Caliph is recommending, and it's working. They have been known to completely shut down governments within hours by making use of these types of threats.

What are Europe and the United States doing about it? As usual, trying to unite the states by focusing on the liberal duplicity of Pluralism. Here are some of the ways the Muslims are taking advantage of America's Pluralism:

- Planted 150 pro-terror Muslim Student Associations in the top 150 universities and colleges across the nation, students that are paid to carry out their activities with funds from US Government grants.
- Placing educated Muslims in positions of prominence and power – city council, mayor, governor, and even President.
- Faith-based Initiative Movement

It would appear that a nation who overlooks these obvious signs is stupid – but I can assure you it is not. One leading way the US has consistently fought wars (or started them) is by choosing one bully over another and funding them, in hopes that one of the bullies would become moderates (taking political center). One real to life example of this is the not so classified funding of "Christian killing" Muslims in Afghanistan to wage war against Communist Russia. Or worse yet is when the CIA funded Saddam in Iraq to wage war with Iran, which was shortly after Jimmy Carter assisted the extreme West-hating Shi'a Muslims to take over Iran. The goal was to force the PLO into a moderate seat – which the PLO laughs at. Now, the PLO uses the US education, military, faith-based initiatives, and our tax dollars to build their empire and protect them from their enemy - the Jews. Deceptive strategies usually, if not always, backfire! The problem with Europe and America's codependent behavior is that it shows ignorance in understanding true Islamic beliefs. One example is the Mahdi (Jesus) coming to raise up the army for the Last Jihad, which will unite both sects of Muslim. This results in a nation being overthrown by the Muslims by sheer stupidity! A curious question: Do any of our decision makers watch the news? The Islamic nation has taken control of six new nations in less than five years.
